

Christmas Presents

Hi Janna!

I just wanted you to know, how appreciative that family was of all of the gifts your company supplied them!

When the mother came in to pick up the gifts, the look on her face was overwhelming! She said that she had expected a few small things for each child, but never expected to come in to that much stuff! She was completely taken by all of the camping equipment and started to cry!

She didn't stop crying as we helped her load all of the stuff into her car! She couldn't thank us enough for all of the gifts!

Please pass on to your staff how wonderful they made this family's Christmas!!!
Thank you all so much!!!
