

Nollenberger Capital Partners Top 200 Private Companies

Nollenberger examined thousands of private company business models, financials and management teams that are transforming markets and creating new opportunities. Courion was chosen out of a pool of exciting, emerging growth companies based on its leadership in the next wave of disruptive and innovative technologies.

2008 Best Deployment Scenario Winner – People’s United Bank

Info Security Products Guide has named People’s United Bank’s implementation of the Courion Enterprise Provisioning Suite solution as a 2008 Best Deployment Scenario Award winner for identity management. The Courion case study was selected based on a real world solution deployment that is making the most positive impact on security in today’s highly sophisticated and blended attacks environment. Courion is the only company to have more than one customer recognized as a Best Deployment.

2008 Hot Companies Award

Courion was voted a “2008 Hot Company,” by Network Products Guide, the world’s leading publication on technologies and solutions.

2008 SC Magazine Review Perfect Score

Courion received a perfect score in the 2008 SC Magazine review of the top identity management solutions in the market. The Courion Enterprise Provisioning Suite received five out of five stars in each test category, was heralded for its ease of use and attractive pricing, and was determined to be “an excellent overall product.”

2007 Best Deployment Scenario Award Winner

Info Security Products Guide has named H. Lee Moffitt Cancer Center’s implementation of the Courion Enterprise Provisioning Suite solution as a 2007 Best Deployment Scenario Award winner for identity management, compliance and single sign-on. This prestigious award recognizes security vendors with advanced, ground-breaking network security solutions that are helping set the bar higher for others in all areas of information security. H. Lee Moffitt Cancer Center was selected by the editors of Info Security Products Guide based on their real world solution deployment that is making the most positive impact on security in today’s highly sophisticated and blended attacks environment.

MITX Technology Awards 2007 FINALIST

The MITX Technology Awards recognize innovative technologies developed in the New England area, as well as the individuals and organizations responsible for driving these advancements. Courion is a finalist in the security category, which recognizes innovative technology products or services that are responsible for building, serving, maintaining, securing and managing networks and applications.

2007 Global Product Excellence in Password Management

PasswordCourier Selected as the Most Trustworthy Solution Protecting Digital Resources

Info Security Products Guide has named the Courion PasswordCourier® password provisioning solution as the winner of the 2007 Global Product Excellence in Password Management Customer Trust Award. More than 18,000 end-users and prospective customers worldwide were invited to vote for the products that they trust the most when it comes to protecting their digital resources.

2007 Hot Companies Award

Courion selected as a Hot Company for 2007 by InfoSecurity Products Guide

Info Security Products Guide, the world's leading publication on security-related products and technologies, has named Courion one of its Info Security "Hot Companies" winners for 2007. Selected from an industry analysis of more than 500 prominent info security vendors around the world, this prestigious honor is based upon a stern selection criteria of 4Ps, namely Products, People, Performance and Potential behind the company's growing success. The evaluation process also included strong entrepreneurial spirit, seasoned executives with relevant experience, clear understanding of the security market, products and solutions that are positioned to take advantage of the emerging market opportunities, well developed revenue-growth model and clearly planned expansion strategies.

2007 SC Magazine Global Reader Trust Award, Best Identity Management Solution FINALIST

Courion's Enterprise Provisioning Suite™ Named Finalist for Best Identity Management Solution

With over 600 nominations in the SC Magazine Global Awards 2007 and over 350 individual companies participating, it is the world's leading awards program for the information security industry. Recognizing achievement and technical excellence across 20 different product and service categories, the SC Awards is a truly global program with participation from developers and users around the world.

2006 IT Week Top 50 Innovators Award

Courion was selected for providing automated provisioning solutions that enable companies — especially those in the healthcare, financial services and manufacturing sectors — to achieve rapid business impact upon implementation. In 2006, Courion worked to eliminate barriers to provisioning success by launching products such as the Courion Enterprise Provisioning Suite™ solution version 7.50, RoleCourier™ role management solution and the Courion Enterprise Provisioning Suite™ Jump Start Options, which was specifically designed to address the identity management needs of the mainstream market.

2006 SC Magazine Global Reader Trust Awards FINALIST

Courion Named Finalist in Two Categories:

ComplianceCourier™ for Best Policy Management

PasswordCourier® for Best Password Management

Gold Medal Status in Bloor Research's 2005 Report of Identity Management

Courion was awarded a Gold Medal for Provisioning in Bloor Research's 2005 report for Identity Management. Courion was positioned in the "Champion" and "Innovator" segments of the Landscape Bullseye™ comparative analysis, and was specifically recognized for its mature provisioning capabilities based on a solid heritage, strong relationships with strategic partners and long-term strategy and vision. Courion received high scores for the stability, speed and effectiveness of its technology, the quality of product and services offered, the ability to deliver ROI to customers and corporate viability. Courion also received high scores in the areas ease of implementation, support and architecture.

eWEEK Product Review 2005

Courion's Enterprise Provisioning Suite 7.20 received high marks in a product review by eWEEK. Giving Suite 7.20 scores of "Excellent" and "Good" across all five categories — Manageability, Integration and Audit Support, Capability and Operations — the magazine praised Suite 7.20 for effective management of user access while meeting internal and external auditors' demands for providing an accurate account of who is using company systems and data.

2004 SC Magazine Global Award, Readers Trust Category, Best Identity Management Solution WINNER

2004 Network Computing's 10th Annual Well-Connected Awards, Identity Management Solutions category FINALIST

Network Computing's Well-Connected Awards honor the year's outstanding technology products and services. They represent the very best products and services the technology industry has to offer in networking. They are chosen by Network Computing's technology editors from the hundreds of products that have been tested and evaluated in the publication's Real-World Labs in the previous year. The editors chose only 128 products as finalists across 44 categories.

4th Annual eWEEK Excellence Awards, Authentication and User Management Category WINNER

The Fourth Annual eWEEK Excellence Awards program honors the most innovative and relevant enterprise hardware, software and services announced in 2003 and available by the end of the first quarter of 2004.

2004 Deloitte Technology Fast 50 New England

Courion was named to Deloitte's prestigious Technology Fast 50 Program for New England, a ranking of the 50 fastest growing technology companies in the area by Deloitte & Touche LLP, one of the nation's leading professional services firms. Courion was ranked #18.

Deloitte Technology Fast 50 rankings are based on the percentage of growth in fiscal year revenues over five years, from 1999–2003.

2004 Deloitte Technology Fast 500

Courion was ranked #258 on the 2004 Deloitte Technology Fast 500, a ranking of the 500 fastest growing technology companies in North America.

Rankings are based on percentage revenue growth over five years, from 1999-2003. Courion grew an impressive 812 percent during this period.
